HISTORY/FACTS/ISSUES:

Each year prior to the onset of the budget process, Risk Management conducts a Benchmark Survey of surrounding Counties, SC School Board and several large local private entity employers to compare employee health benefits. The 2010-2011 Benchmark Survey and is attached for your review.

One notable change is the removal of Lake County from the survey. After being referred to several different Lake County representatives, Lake County advised that they were too busy with the administration of the Health Benefits for Lake Sumter Emergency Medical Services to make time to supply the information requested for our survey.
